

maxell

Introducing **Bass 13 HD1**, Maxell Europe's new Bluetooth Headphone. This foldable model ensures it is easy to pack, whilst soft padded earcups allow for a comfortable fit. The impressive battery life allows for up to 8 hours of playback (subject to device, volume and environment).

The inbuilt audio controls allows you to listen to your music your way, whilst the inbuilt microphone lets you take that call on the go.

Comes complete with charging cable.
